DETAILED ACTION

Allowable Subject Matter

1. Claims 16-23 are allowed (Claims 1-15 are canceled by Applicant).
2. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 16-23 is the inclusion of the limitation of the matching circuit being configured to be continuously capacitively coupled with the antenna pattern. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
